

Role Description | National Coordinator

An EFPSA Social Impact Initiative (SII) National Coordinator is a contact person between the Local Coordinators (LCs) and the EFPSA SII team. It is a position for people who are interested in implementing and/or further developing the “Mind the Mind - to Combat the Stigma of Mental Disorders” campaign in their country. The applicant is preferably a current or previous Local Coordinator or a volunteer of Mind the Mind campaign. A candidate NC is also required to have a good knowledge of the English language (upper-intermediate B2 level).

The NC's main responsibilities:

- Coordinate a group of Local Coordinators on behalf of EFPSA SII.
- Be the link person between SII team and LCs (get information from SII and pass it on to LCs, report back from LCs to SII).
- Write monthly updates via email to the SII mentor and MR.
- Attend meetings with SII.
- Have regular meetings with the LCs, to overview how the campaign runs in their country.
- Provide LCs with materials, guidelines, and information, and distribute tasks between them.
- Help LCs with all their tasks (translation of all the necessary documents, contacting schools and other organisations, promotion of the campaign, gathering volunteers, organisation of volunteers' training and lecture on psychopathology, evaluation process, ...).
- Help LCs with any problems they might face.
- Oversee the Facebook and/or Instagram page of their country if they have it (there should be only one page/account per country).
- At the end of the wave, help find their successor and new potential LCs for the next wave, enabling the campaign to grow even more.

The SII team will select 1 National Coordinator (NC) per country. Each NC will get a mentor – a member of the Social Impact Initiative – that will guide them and help them with their tasks throughout the whole mandate.
